Cooking together

As the heart of the home, the kitchen should be equipped in the best way possible.

Brides-to-be agree that good quality cookware will never go out of style as an enviable wedding gift. Better Life, the UAE's retailer of high-end appliances and accessories, has added premium Italian cookware brand, Lagostina, to its portfolio of leading brands.

Lagostina's Melodia range includes kitchen staples such as the stew pot, sauce and frying pans and in keeping with the Italian culture, a pasta strainer. The Accademia range includes the wok, casserole dish and vegetable steamer. The casserole dish and saucepot boast the tri-ply design - a combination of copper, aluminium and stainless steel - that accelerates the diffusion of heat and improves the level of control. Better Life provides a gift registry service that assists friends and relatives in choosing presents for the special day. For more information on how to register, call Better Life on 04-1414868.
